

## Play Dates

**Sometimes I get to have a play date at school. I walk to the Child Care room. I get close to my friend, tap him on the shoulder and I ask my friend to play with me.**

**It is important to stay with my friend when we walk or play.**

**We do a lot of fun things together. We might play a game or play ball or go outside. We always have fun together.**

**When our Play Date is over it is important to say  
Good-Bye.**

**Play Dates are fun!!**
