

Saying Hi

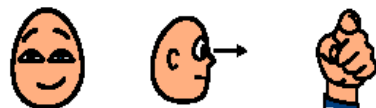

How are you?

Hi how are you doing?

Nice to see you.

Wave "hello"

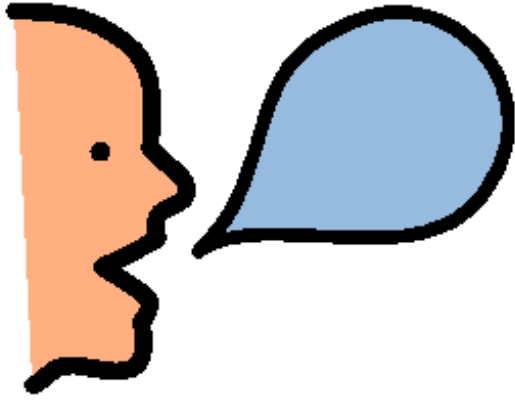

Hi How was your weekend?

Hi

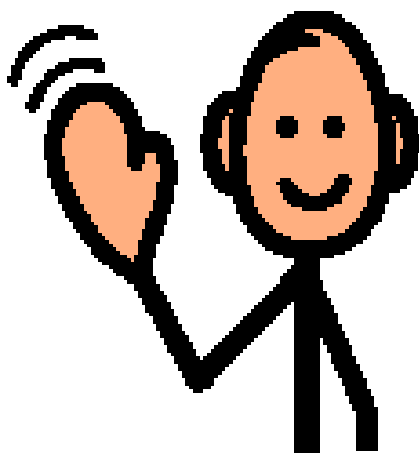

There are many ways to say "hi" to people.

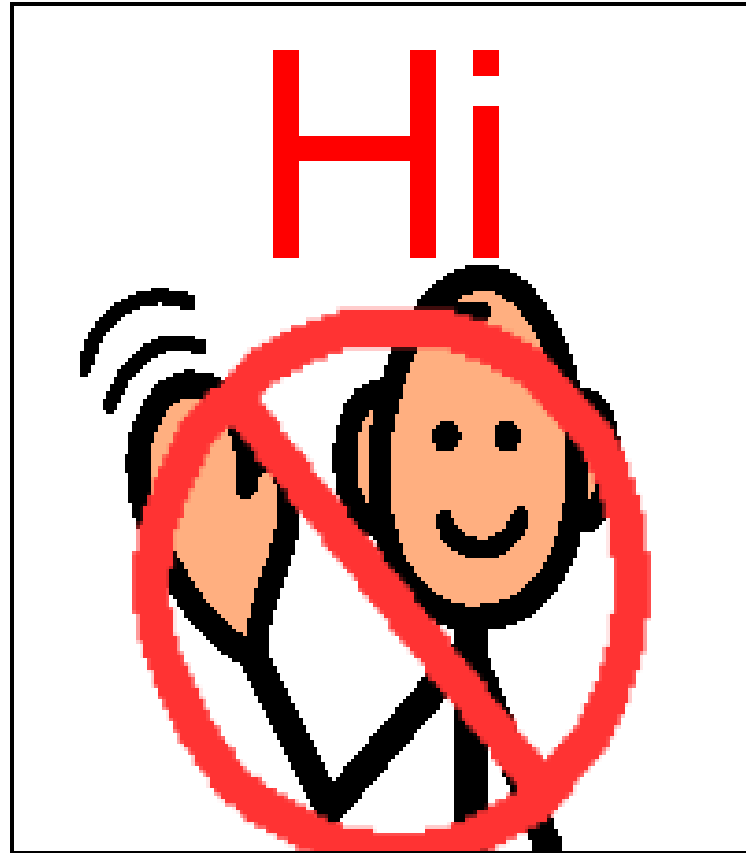

When someone says "Hi NAME" I will try to say
"Hi" in a nice voice.

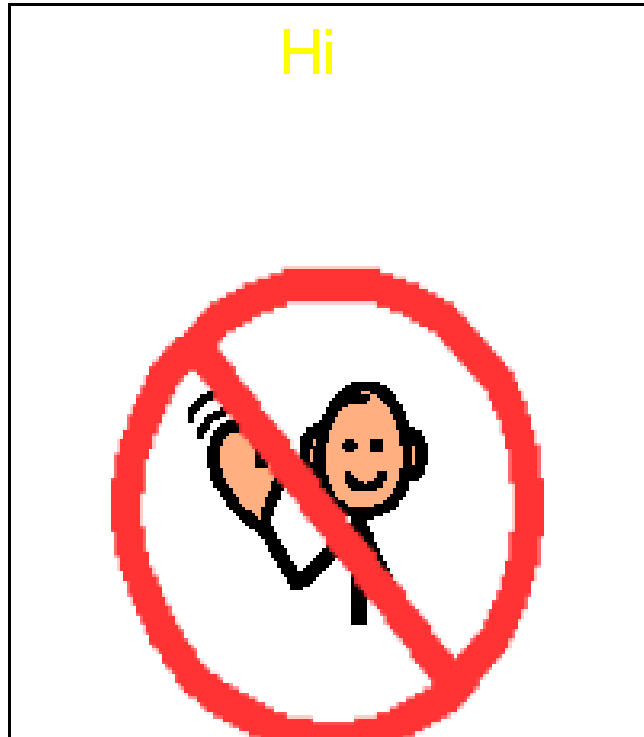

Hi

This is how I can say "Hi" in a nice voice.

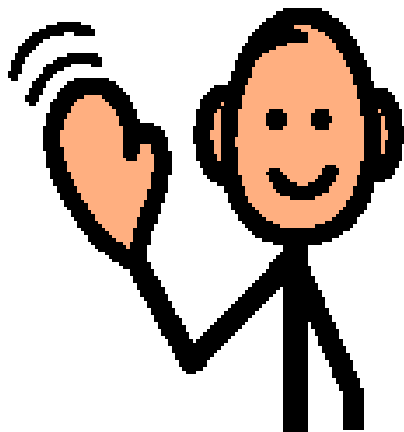

This "Hi" is too loud and can hurt someone's ears.

This "Hi" is not loud enough and someone may not hear me.

Hi

I will try to say "Hi" like this in my nice voice.

This story was used to to show
a child the volume of how to
say Hi. Record your voice
modeling the different Hi's on
the slide show so the student
can actually hear what it sounds
like.....
